Subj: Joint Permit Application for the Proposed Virginia City Hybrid Energy Center, Solid Waste Management Facility, Wise County, Virginia

Dear Sir or Madam:

Virginia Electric and Power Company, doing business as Dominion Virginia Power (Dominion), is submitting a Joint Permit Application (JPA) for the Proposed Virginia City Hybrid Energy Center (VCHEC), Solid Waste Management Facility (SWMF). We have submitted copies of the JPA, with all attachments and supporting documentation, directly to the United States Army Corps of Engineers and the Virginia Department of Environmental Quality for their review and use in issuing the appropriate Clean Water Act Sections 401 and 404 permits.

The contributing drainage area for the proposed VCHEC SWMF is only 0.28 square miles. Therefore, we do not anticipate that you will be required to review and issue a permit for this project, since the VMRC has jurisdiction over projects with contributing drainage areas of five square-miles or larger.

If you have any questions or need additional information, please contact Kim Lanterman of my staff at (804) 273-3051.

Sincerely,

A handwritten signature in black ink that reads "Pamela F. Faggert".

Pamela F. Faggert
